

CAMPERDOWN FITNESS

For over the 5 years we have entrusted Visual Advertising Solutions with our branding and advertising needs.

Visual Advertising Solutions have wrapped our fleet of business cars which has included two H3 Hummers, three Hyundai Accents, as well as a Mercedes Benz SL55 and our new Ford Mustang and Mazerati Granturismo M/C Stradale.

Visual Advertising Solutions also looked after the branding of sponsored cardio equipment which is used on game days for the NRL clubs - the South Sydney Rabbitohs and North Sydney Bears.

The team at Visual Advertising Solutions have always shown great care, attention to detail and their customer service has always been exceptional.

We are excited about working with Visual Advertising Solutions on even bigger projects in the future - we wouldn't choose anyone else for our advertising needs.

Yours Sincerely

Michael Wood
Owner
